We had our wedding at Whisky & Wood and it was amazing! The staff were so friendly, attentive and professional, they made sure everything ran smoothly and no one even noticed the re-set between the ceremony and reception, they were so stealth!

The venue itself is beautiful and the bar was fully stocked with a great selection. Sarah, Lloyd and the team really went above and beyond, their hard work and passion for what they do did not go unnoticed.. we just can't thank them enough!

FLOOR PLAN

Our wedding ceremony and reception was hosted by Whisky & Wood - on a day where so many things changed or went wrong, Whisky & Wood was one that didn't let us down at all.

Sarah was amazing with comms leading up to the day and overall planning, and although she was unable to be there on the day itself (which she did tell us well in advance), her amazing team picked up where she left off like it was nothing. Seamless transition, and full support.

We genuinely felt looked after during the day. Shoutout to Charlotte, Jono, Matt and Benji who were absolute superstars leading up to and on the day itself. Everyone was working tirelessly behind the scenes to ensure we were all able to enjoy the moment. Not enough words to describe our gratitude and appreciation. We highly recommend Whisky & Wood.
